What is CESSDA?

- It is an informal group of 21 European organisations
- Its members are differentially funded
- More than 35 years of successful voluntarily based cooperation
- In 2010, they jointly held over 25000 datasets – and the holdings are still increasing

Council of European Social Science Data Archives

CESSDA objectives

1. To promote the acquisition, archiving and distribution of data throughout Europe.
2. To promote projects and procedures for enhancing exchange of data and technologies among data organizations.
3. To stimulate the development and the use of these procedures throughout Europe.
4. To encourage new data organizations to further these objectives.
5. To promote the integration of the European database.
6. To associate and cooperate with other international organizations sharing similar objectives.

CESSDA membership - current

- Austria
- Denmark
- Czech Republic
- Estonia
- Finland
- France
- Germany
- Greece
- Hungary
- Ireland
- Italy
- Lithuania
- Luxembourg
- Netherlands
- Norway
- Romania
- Slovenia
- Spain
- Sweden
- Switzerland
- UK

The CESSDA ERIC

- Legal entity
- Governance Structure
- Central co-ordinating body
- Sustainable funding

Fully integrated data infrastructure

- Integrated resource discovery tools
 - Multilingual searching
- Integrated common Authentication & Access
 - Single sign-on
 - Single access protocols
- Extensible system
 - nationally & internationally

cessda

Council of European Social Science Data Archives

ERIC – centre of excellence

- Certification/auditing
- Professionalization
 - Training
 - Knowledge Transfer
 - Mobility
- Standards development

Obligations of Service providers - 1

1. be fully compliant with the elements of the DDI metadata standard that are required to enable the member to contribute fully to CESSDA-ERIC activities and which will be identified by the CESSDA-ERIC
2. adopt and apply the CESSDA-ERIC common single sign-on user authentication system;
3. enable the harvesting of all their resource discovery metadata and relevant preservation metadata for inclusion in the CESSDA-ERIC data portal;
4. make their data holdings downloadable through common data gateways;
5. make sure that their local language(s) within the multi-lingual thesaurus are maintained;
6. share their data archiving tools (under the IP conditions set in Intellectual Property Rights annex to these statutes);
7. adhere to the principles of the OAIS reference model and any agreed CESSDA-ERIC requirements for operating trusted data repositories;

Obligations of Service providers - 2

8. contribute to the CESSDA-ERIC's cross national data harmonisation activities;
9. contribute material and/or expertise to the cross-national question bank;
10. provide mentor support for CESSDA-ERIC Associate Members and their representative Service Providers to achieve Full Membership;
11. provide member support for countries with immature and fragile national infrastructures to help them build up needed competence later to be able to fulfil tasks as Associated or Full Member;
12. facilitate access to national government and research funded micro data, dependent on national legal systems;
13. adhere to the CESSDA-ERIC's Data Access and Dissemination Policy;
14. adhere to the provisions the entire Organisation's policies as required.

Recent developments

- Data without boundaries project started May 2011
- DASISH project started January 2012
- SERSCIDA project started February 2012

ERIC and how to get there

- The ERIC legislation is not really applicable in Norway
- EC is working on this and it should be solved next year
- In the meantime we are working towards an interim solution
- We are also inaugurating a project directed towards increasing the ERIC readiness of the partners.
 - First workshop Bergen February 2013
 - Next in Cologne in June
- January 2013 14 countries stated support for the interim solution

Visit **DASISH.EU**

The screenshot shows the DASISH website in a Windows Internet Explorer browser window. The address bar displays <http://dasish.eu/>. The browser's toolbar includes navigation buttons (Back, Forward, Stop, Reload), a search bar, and various utility icons. The website header features the DASISH logo (a cluster of blue dots) and the text "DATA SERVICE INFRASTRUCTURE FOR THE SOCIAL SCIENCES AND HUMANITIES". A left sidebar contains a navigation menu with links: Home, About DASISH, Activities, Events calendar, Newsletter, Publications, Links, and Contact. Below this is a section for "For project partners" with a logo for the "EUROPEAN SOCIAL SURVEY". The main content area is divided into several sections: a central image of a network of computers with the text "DASISH brings together all 5 ESFRI research infrastructure initiatives in the social sciences and humanities (SSH)" and a paragraph about the goal of the project; a "Manifesto" section with a graphic of three stars and the text "Support Manifesto of The New Global Data Generation - show your support"; a "Want the latest DASISH news?" section with a graphic of a URL and the text "Subscribe to our newsletter"; a "News" section with two items: "EUDAT User Forum 2012.03.13" and "DASISH poster proposal accepted at ICRI 2012.03.06"; an "Events calendar" section with two items: "European Social Survey - Call for Question Design Teams" and "Workshop: Metadata and Persistent Identifiers for Social and Economic Data"; and a "Read all" link. The browser's status bar at the bottom right shows a zoom level of 75%.
